PROFESSIONAL SUMMARY

Frontend & CMS Developer with 2.5+ years of experience building responsive, high-performance web interfaces across 25+ client projects on WordPress and Shopify. Delivered site-speed improvements of up to 30% and Lighthouse score gains from the 65s into the 90s through Tailwind CSS, SASS, and Next.js-based frontend work. Skilled in translating business requirements into clean, maintainable, conversion-focused code, with hands-on experience integrating GA4/GTM analytics and AI-assisted development workflows (Claude) to accelerate delivery. Proficient in Git-based version control and comfortable owning a project from architecture through launch.

TECHNICAL SKILLS

- **Programming Languages:** PHP, JavaScript, HTML5, CSS3
- **CMS / Platforms:** WordPress, WooCommerce, Shopify
- **Frameworks:** Next JS, Tailwind CSS, SASS
- **Analytics & Tracking Tools:** Google Analytics 4 (GA4), Google Tag Manager
- **Libraries :** jQuery, AJAX, Bootstrap
- **AI-Assisted Development:** Claude (code generation, debugging)
- **Version Control:** Git, GitHub

PROFESSIONAL EXPERIENCE

Frontend / CMS Developer

Techrish Solutions, Kochi, Kerala, India — 2023 – 2025

- Built and maintained 25+ CMS websites on WordPress and Shopify, focusing on clean architecture and long-term scalability across client accounts.
- Customized plugins and themes for client-specific functionality, improving average page load time by ~30% and raising Lighthouse performance scores into the 90s.
- Used ACF (Advanced Custom Fields), WCK (WordPress Creation Kit), and PODS to build dynamic, user-editable content structures, reducing client-side content update time by 80%.
- Built responsive, modern UI components with Tailwind CSS and SASS, ensuring cross-browser and mobile consistency across 20+ production sites.

KEY PROJECTS

WordPress Projects

- **Travel Domain:** Created and customized travel-focused WordPress websites using ACF and PODS for flexible content management. Focused on website performance optimization and SEO best practices to improve user experience and search rankings.

- **E-Commerce Domain:** Maintained WooCommerce-based WordPress websites with theme customizations and custom fields using ACF, ensuring consistent SEO optimization and site performance.
- **Donation Domain:** Developed and customized websites integrating multiple payment gateways like Stripe and PayPal and other transaction methods to facilitate secure online donations, ensuring seamless transaction processing and a user-friendly donation experience.

Shopify Projects

- **E-commerce Domain Using Shopify:** Developed and customized Shopify stores with bespoke themes, focusing on user-friendly interfaces, mobile responsiveness, and SEO optimization to drive traffic and boost online sales.

Frontend Development Projects

- **UI Development for Responsive Web Projects:** Implemented responsive, high-performance web interfaces using CSS, SASS, and Tailwind CSS across diverse projects. Applied best practices in mobile-first design, accessibility, and cross-browser compatibility to enhance user engagement. Worked closely with designers and developers to translate concepts into clean, maintainable, and scalable frontend code, ensuring seamless user experiences across all devices.

GA4 & GTM Projects

- **Web Analytics Implementation – GA4 & GTM:** Executed tracking and analytics setups across multiple projects using Google Analytics 4 (GA4) and Google Tag Manager (GTM). Configured custom events, conversion tracking, and data layers to provide actionable insights and improve marketing performance. Collaborated with marketing and development teams to ensure accurate data collection and reporting.

EDUCATION

- **Bachelor in Computer Science**
Mary Matha Arts & Science College, Kannur University — (2019 – 2022)
- **Higher Secondary Education**
Board of Higher Secondary Examinations, Kerala — (2017 – 2019)
- **Secondary School Certificate (SSLC), ICSE Board**
Council for the Indian School Certificate Examinations (ICSE) - 2017
